

# Faith Coalition

Faith Coalition is an interdenominational service organization, founded in 2012 in Edwardsville to “unite area churches in common mission.” Faith Coalition seeks to identify local needs that can be met through the combined efforts of area churches.

Faith Coalition has led projects like the remodeling of a home in Edwardsville, the proceeds from which benefitted Habitat for Humanity. We led a mission trip to Moore, Oklahoma in 2013, and several smaller local trips and projects since then. Restore Décor, the fundraising arm of Faith Coalition, refinishes and sells used furniture to raise money for area non-profits. And through our website, we seek to publicize and strengthen existing mission programs in member churches.

## How Can You Help?

- Volunteer at Restore Décor to refinish furniture for fundraisers
- Join our Steering Committee once a month to contribute your ideas!
